Re: JANE GIBSON

Operative went to the home of Fred Hort on Brookside Terrace near Lincoln Highway in an effort to see John Hort, son of Fred Hort. Mr. Fred Hort informed me that his son came home Sunday night and is now some place in Jersey City looking for work. He did not know where he could be found or when he would return home.

Mr. Hort gave me the name of Mr. Bromley who lives on Hamilton Ave. and who has lived in the vicinity for a great many years and might know something about Jane Gibson.

Operative interviewed Mrs. Bromley, who stated that Mr. Bromley was very sick and could not be disturbed. Operative asked her if she knew if he had any knowledge about the Gibson woman and she stated that he never had any dealings with her, except one time she tried to sell him an old horse and he refused to buy it. That is all he knows about Mrs. Gibson, Mrs. Bromley stated.

Respectfully submitted:
